Select the Staff Number option to highlight it. This will show the following screen. (Refer
Enter the staff number into the active field. If you would like to see all receipts for this staff member then enter no further information and click the OK button. If you are after a specific receipt for a particular staff member then enter as much information as possible. Once your search is complete, the results will be displayed (Refer Screenshot 4).

Simply double click the desired receipt line and that will show the full details of that receipt.
(Refer Screenshot 5).

By clicking the “Print Tran” button you can easily print a copy of the transaction.

Please do not use the “Simulate Receipt” button as all this does is reprint the receipt at the cashiers slip printer.
